We believe greatness exists in every child, and through the power of mentorship, we can change a child’s trajectory that will last a lifetime. Our passion for our mission grows with every youth who overcomes an obstacle, achieves success in school, discovers his or her voice, and unlocks his or her greatest potential. On behalf of every child and family we serve, thank you for being part of our Club family and impacting greatness.

IMPACT MODEL

A holistic approach to youth development that keep kids on track by providing students with 60 additional days of academic instruction per year while also enriching their learning experience through fun and engaging opportunities. Every day, our impact model provides every child access to an hour of academic assistance and homework help, physical fitness and health education, and academic enrichment programs.

DIFFERENT ENRICHMENT PROGRAMS OFFERED TO OUR CLUB KIDS
My students who participated in the Early Literacy Program with the Boys & Girls Club showed growth both in fluency/decoding skills (measured by DIBELS) and comprehension. More importantly, they became students who enjoyed reading!

EARLY LITERACY PROGRAM

In partnership with Santa Ana Unified School District, our Early Literacy Program addresses educational gaps that exist and provides targeted intervention during the school day at the Club and school sites. Our goal is to ensure our kids are reading at grade level and on track for educational success.

93% of students in the program showed significant growth in their reading ability.

878 1st through 3rd grade students served at 11 sites.

HENINGER ELEMENTARY SCHOOL
Because today’s middle and high school students need mentors and champions more than ever before, we have created teen-centered programs, including College Bound. With these services, we facilitate their successful transition through high school and into college and career, making many of our graduates the first in their families to pursue an education beyond high school.

"Choosing to go to the Boys & Girls Club has been a life-changing experience because the staff and mentors there truly want to see you succeed. They see what I am capable of and try to push me to my full potential. The Club has given me many opportunities to break out of the world I know and expand my boundaries."

$2 million+ secured in scholarships, grants, and financial aid for graduating seniors this year
I am grateful for all the great benefits the Club offers not only for my kids but for me through Family Strengthening. After I earn my high school equivalence, I plan to enroll at community college for my Child Development Certificate. I want to motivate my kids to work hard at school and show them it’s never too late to follow your dreams.
