As a Boys & Girls Club, people rely on us. We are an extension of their families, and that’s something we take very seriously. We started this year by unveiling our new facilities and technologies, and we’re closing the year with redeveloped strategies that are enabling us to respond to the changing needs in our community caused by the COVID-19 crisis. As we look ahead, we know more challenges are in front of us. But as an organization, we will continue to be flexible to serve our youth and our community while we remain focused on our mission, helping every child pursue greatness.

WE BELIEVE

Who we are can be defined by what we believe. For 79 years, we have proudly served those who need us most. To the core of our DNA, we believe in potential and invest in opportunity. Every child and teen we serve has the potential to do great things, and it is our privilege to help them unlock that potential.

OUR MISSION

To ensure every child has mentors and champions in life.

OUR VISION

All children will build positive life-long memories, achieve their greatest potential and inspire future generations.

OUR CORE VALUE

Pursue greatness

"The Boys & Girls Club has been the furnace igniting my hope to one day accomplish the goals I have mapped out with the Club's help. The most important lesson I learned is that I need to continue learning; my glass is half full, and I need to fill it by experiencing new opportunities and by being an advocate for myself."

Our three key strategies were Emergency Childcare Services for first responders and essential workers, food and resource distributions to our most at-risk communities, and virtual Club services and programs for our Club members and families.
